

Aquaculture Advisory Council

WORKING GROUP 1 Meeting

Brussels, June 09th (09:15-12:00)

Online meeting – Interpretation available in IT

Draft Agenda

We have arranged for:

A special platform allowing interpretation

Technical checks prior to the meeting

Pre-study time in the morning

Your contribution starts before the meeting. We will be sending you working documents on which you will be encouraged to react so that we can prepare the debates. You will also be able to further comment after the meeting by writing if you didn't have the chance to make your point heard given the time constraints.

What we need from you in order to make this Working Groups meeting a success:

Time to test your connection

Prepare contributions even more diligently than usual

This is a first time for all of us to have this kind of meeting online, therefore we kindly ask you for your patience in case things will not go right 100% immediately. Thank you for your support and understanding!

1. Pre-study (08:30-09:15)

Technical checks with the *Interactio Platform* technicians and study of documents

2. Start of the meeting (09:15)

The Chair **checks in** participants and observers
